

Audio Visual

Video Projector

The Theatre has an Optima DLP video Projector available for hire.

The projector is underslung from the FOH gantry and can fill the cyclorama from that distance. A reasonable size picture (approx 2.5m x 2.5m) can be delivered to the apron stage.

Hirers can connect their own equipment (laptop, DVD player, Computer etc) to the projector directly from the control box at the rear of the theatre via a permanently fixed 30m VGA cable

For any more information contact the Theatre Technician by email :
